C. L. Alvord, who for twenty years was teller of the First National Bank of New York, robbed the bank of \$700,000. He so skillfully concealed his thefts that the bank examiner never caught on. A clerk in the bank made the discovery. The defaulting clerk is still at large.

A statement made by the bank on September 5, showed:

Capital, \$500,000; surplus, \$5,000,000; undivided profits, \$4,114,250; deposits, \$39,997,895; demand loans and cash on hand, \$23,379,276; time loans, \$5,654,610; and stocks and bonds, \$20,110,409.

**ROBBED THE GRAVE**  
A startling incident, of which Mr. John Oliver of Philadelphia was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters,' and, to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50 cents. Guaranteed at Garrett & Gerig's, Ocala, and all other drug-stores.

## AN IMPORTANT MEETING

S. A. L. Industrial and Educational League

The industrial agents of the Seaboard Air Line Railroad held a meeting Wednesday in Jacksonville. A large number of delegates were present from Virginia, North and South Carolina, Georgia, Alabama and Florida. John T. Patrick, who has been and is the industrial agent of the line and among the things done through his efforts and those of others to build up the country along the line of the road, we extract the following: During the past year there has been an increase of 115 factories, all doing well, besides the enlargement of cotton mills and numerous electric light repainted, hundreds of school houses repainted, hundreds of school houses improved and the Arbor Day work showed 630,381 shade and fruit trees had been set out. The first year this work was begun only 75,000 trees were planted. Through the work of the association 5,625 emigrants were induced to settle along the line of the road; 4213 working men were added and the improvements made by them represented over ten million dollars. Twenty libraries had been established. J. P. Upham, of the Youth's Companion, Boston, noted for being identified with village improvement societies, was among the speakers.

It is a move in the right direction and if persisted in must work good to the people of every state through which the Seaboard Air Line runs. They are deserving of great commendation for their efforts.

## GOT LOST IN THE WOODS

One night this week Messrs. Peacock and Stickney, in the discharge of their duties as revenue officers, went out to a colored settlement in the Blitchton neighborhood and arrested a colored man, and an old offender, by the name of Lot Dorsey, charged with making monshine. They started out of the dense hammock with the prisoner and became lost in the dense growth. They appealed to the prisoner to guide them out and he refused, saying they got in there, now get out. After many vain attempts, the man, with some corporal persuasion, was placed ahead of the buggy with the white side of his vest turned as a guide and about 3 o'clock in the morning, the trio reached a portion of the country which was familiar to them. The man was given a hearing before Mr. Williams yesterday and bound over in the sum of \$200.
